and knowledge makes you great.”

In the voyage of the discovery of excellence in the field of education, our endeavour of keeping the values- Love, Peace, Truth, Non-violence and Right conduct alive in our thought word and action continues. A heart filled with aspirations is all that we knew since the very existence of the school and that's what gave us the ambition of marching forward till excellence is achieved in all our endeavours.

This report is comprised of the achievements made during the year gone by. The annual report of the school for the session 2020-21.

Starting with the primary section, the school had undergone immense changes during this year. Our journey started in 2017 year and 2021 we have reached Class X. Activity based curriculum is being adopted by our vibrant teachers to make learning fun and entertainment. Competitions are being conducted for the overall development of a child at base level so that we can polish these rough stones into precious one.

**Parents Orientation Programme** - As a regular practice followed every year, this session began with the Orientation Programme for the parents of the students of classes I to X. The programme made the parents aware of the scheme of education we impart here at our school. Query-resolving session by our Principal Mrs. Rahima Salve illuminated the path of positive parenting.

underperforming students after school evening special classes where our teachers solve the problems of students.

**Excellence in academics** is the hallmark of a good institution. "Develop a passion for learning. If you do, you will never cease to grow." – Antony J D'Angelo. Our current class X students are getting ready to face the board exams with many changes in exam pattern because this year we have first batch of class X. Total we have 12 students in first Class X batch during the session 2020-21. The credit of excellent performance goes to our efficient teachers, laborious students and dedicated parents.

Our **teacher section ratio is 1:50** which is very much conducive for teaching learning activities ONLINE / OFFLINE and here in our school teachers give individual attention to the students for solving their problems and difficulties.

As **teachers** are also learners. Our teachers stay updating themselves by attending workshops and various training programmes to enhance their skills. The Induction training is conducted every year by Dr. Ashok Salve and Principal Mrs. Rahima Salve in the month of April and June so that, the new teachers learn the mission, vision and policies of the school and for the others it is just a reminder. One more feather was added to our glory in the current Academic Year 2020-21 is that we added in HUB of Learning group. Our teachers attended many more trainings through COE online training, In-house Trainings, HUB of Learning's Training.

**School App:** Keeping ourselves up with the pace of the modern world, Complete Digitization of the school was undertaken which transformed the entire school chores channel through the Information Technology, bringing in more transparency and enhanced communication with parents and community.
