Subject : Digital/e-Learning Platforms provided by MHRD

Dear Parents,

The entire world is facing a completely unprecedented crisis due to the spread of the Novel Corona Virus. Social distancing, one of the key components in the fight with this virus, is creating a challenging situation for our social institutions. Schools as prominent social institutions are not going to remain unaffected by it.

It's the beginning of a new academic session, but with academic days getting lost, you may be wondering how school will catch up when the country overcomes the present situation. To spend quality time we took online practice exam from Class I to class IX for academic year 2019-20, also we gave home assignments for self studies, activity-based worksheets from class II to class X for academic year 2020-21.

Now with the help of CBSE, NCERT & MHRD we are considering this challenge as an opportunity to shift focus from 'schooling only at schools' to 'School-Home collaboration for learning'.

Following are the some Digital/e-Learning Platforms provided by MHRD:

- 1) **Digital Infrastructure for Knowledge Sharing (DIKSHA)**: DIKSHA's free mobile application can be downloaded on Google Play Store (Android Phones) or DIKSHA website can be accessed through the following URL: <https://diksha.gov.in>.
 - a) **Content for grades 6 to 10**: DIKSHA has content for Grades 6 to 10 across subjects aligned to NCERT and CBSE, and more content is being uploaded across all grades & subjects within the coming few weeks. URL: <https://diksha.gov.in/cbse/> The CBSE board aligned content has been systematically organized as per the NCERT textbooks table of contents.
